Lead the Way

by Joseph Hogue

RI President, Bill Boyd has a great article on membership in the August addition of Rotarian Magazine. If you get a chance, please take a minute to read it. His message is that we will strengthen our numbers by focusing not on the size of our club, but the club. Think about it, people want to

be a part of something where members are actively engaged in fellowship, friendships and quality service projects. We must involve our new members in activities and committees to improve retention. We have done a great job with the new member orientation, but we need

to take it to the next level.

We need a handful of Enthusiastic Rotarians willing to Lead the Way this Year as our club mentors. Enthusiasm is contagious. Let us know if you are the person we are looking for (preferably past presidents).

Membership

“Membership comes down to one simple statement: Strong clubs lead to a strong Rotary. Without strong clubs, no amount of recruitment and retention efforts will help Rotary grow. With strong clubs, Rotary will flourish and provide another 100 years of service to humanity”

*William Boyd
President, Rotary International*
