Please note the monthly program chair is responsible for all the programs for the month and is assigned the first program. If you are a designated monthly chair, ***please check with other Rotarians assigned for your month to ensure there is a program scheduled.*** If you need assistance please contact Tim Vance, club program chair (740 502-6891 or tavance05@yahoo.com)

Try to confirm your program as soon as practical. You may trade program assignments with others if needed to resolve scheduling conflicts, ***however, please advise Tim Vance (program chair), Jason Hammond (club president), Roxanne Potter (newsletter writer), and the website manager of any changes.***

Interesting programs are an important part of our weekly rotary experience. You may consider making a program presentation yourself and speak about your own special interests, profession, travel experiences, or hobbies. We have many different interests and experiences among our members to draw upon for program ideas.

Please also note: if your program involves more than 2 additional guests, notify the club president so the catering service can ensure there is adequate food for lunch. If you have programming ideas or suggestions, or have a question regarding ***program guidelines (in the bylaws)***, please contact Tim Vance for assistance.
