

2023-2024

Rotary program assignment calendar

Program chair: Tim Vance

The monthly chair is also the first meeting of the month

Please note the monthly program chair is responsible for all the programs for the month and is assigned the first program. The monthly program chair checks with the Rotarians assigned for the month to ensure they have secured a program. If you need assistance please contact Tim Vance, club program chair (740 502-6891 or tavance05@yahoo.com)

Please confirm your program as soon as practical. You may trade program assignments to resolve scheduling conflicts, however, please advise Tim Vance, Cecilia Balogh, Roxanne Potter, and the website manager of any changes.

Interesting programs are an integral part of our weekly rotary experience. You may consider making a program presentation yourself and speaking about your special interests, profession, travel experiences, or hobbies. We have a broad spectrum among our members to draw upon for program ideas.

Please also note: If your program involves more than 2 additional guests, notify the club president so the catering service can ensure there is adequate food for lunch. If you have programming ideas or suggestions, or have a question regarding program guidelines, please contact Tim Vance for assistance.
